New products

Every month, *Caterer Middle East* brings you the best and brightest new F&B products

Ame dei

Ame dei chocolate is created by Alessio Tessieri and *maitre chocolatier* Cecilia Tessieri, who use ingredients selected in their native countries and crafted in Ame dei's factory in Pontedera, Italy. The firm completely controls the production chain, from bean to bar, creating chocolate with raw ingredients from the world's finest cocoa plantations.

Concordia IBS4

The Concordia IBS4, available from Coffee Planet, offers a full café menu in one compact system. The IBS4 replaces multiple machines saving both space and cost. Menu options include americano, espresso shots, latte, cappuccino, mocha, chai latte, hot chocolate, hot water for tea, flavored lattes and cappuccinos, as well as custom creations. The IBS4 also makes iced drinks.

La Cornue

The Château line by La Cornue has added an aquamarine-coloured model to its range. La Cornue now boasts no fewer than 25 different colours and 12 finishes, including chrome, stainless steel and brass, available for each of the eight Château models. The solid brass, 6 kW burners not only give amazing performance but also save energy — up to 25% compared to their predecessors.
